To Whom It May Concern

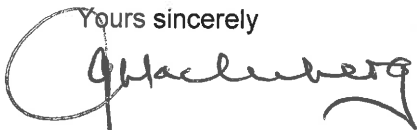

**Testimonial - Colour Smart Solutions**

Addisons has enjoyed an excellent, long term working relationship with Bryan Murphy based on his extensive industry knowledge, trustworthy advice and a drive to find the best outcome for his customers. When Bryan established Colour Smart Solutions, we were only too pleased to explore how they might be able to assist us with our printing and copying needs.

Our experience is that Colour Smart Solutions not only seeks to genuinely understand our operations but there is a singular focus on finding a solution that serves both our business needs and budget.

Colour Smart Solution's pricing has always been extremely competitive. However it is the depth of knowledge, responsive service levels and creativity in finding the best solutions for our business that delivers a compelling value proposition. I have no hesitation in recommending Colour Smart Solutions to any business who feels there is scope to improve on their current arrangements.

Yours sincerely
