Dear Bryan

TESTIMONIAL – THANK YOU!

Bentleys NSW has worked with Bryan Murphy since we opened our doors in Sydney five years ago. We pride ourselves on keeping pace with technology and Bryan certainly has delivered in his expertise with assisting us to find the right high speed scan, print and copy solutions for our practice.

Our requirements were unique in that we produce most of our marketing collateral in-house and required a digital machine that would produce outstanding quality prints on high gloss paper and the ability to produce folded brochures on a variety of stock types.

Not only did Bryan find us the right solution, he was actively involved in management of the installation, testing and training us on utilising the machine and maximising its functionality with his partners at Konica Minolta. The dedication of Bryan and his team to complete our installation over the Christmas closure was amazing and helped us reduce downtime in the practice.

Colour Smart continues to provide us with personal and proactive after sales service to ensure the machines are well maintained, fast and reliable.

We would highly recommend Bryan and Colour Smart for their professionalism, dedication to their clients, integrity and quality of service.

Yours sincerely

Jasmine Pickering
Marketing and Business Development Manager
