To Whom It May Concern,

I approached Colour Smart Solutions because of my previous experience with Bryan Murphy when he worked for another company.

Colour Smart Solutions helped me by always going out of their way to provide an answer to a problem.

The result was a positive experience & I have recommended them to other colleagues.

One thing I liked was their "friendly and nothing was a problem attitude".

I found the experience over the past years has always been a positive one.

I would and have recommend Colour Smart Solutions to people who need good and trustworthy answers to solve their printing problems.

Yours Sincerely
