Colour Smart Solutions
Level 1, 50 Yeo Street
Neutral Bay NSW 2089

Dear Bryan,

I would like to write and acknowledge Colour Smart Solutions for your excellent service since November 2013.

The HP printer we purchased through you has been excellent but even more impressive has been the after sales service including the clever replenishing system that you provide. The replacement of toner cartridges is quite seamless and any issues have been quickly and painlessly resolved. It really does make the whole business of owning and running a printer in a small office incredibly easy and affordable.

I would have no hesitation in recommending Colour Smart to other businesses looking for an office printing solution.

Yours sincerely,

A handwritten signature in blue ink, appearing to read "James Forbes".
