To whom it may concern,

I approached Colour Smart Solutions because we needed a solution for our office's printing, photocopying, scanning & faxing requirements.

Colour Smart Solutions helped me by providing sensible advice and cost effective solutions.

The result was we now have a solution in our office that is better than what we previously had and meets the requirements of all the staff enabling them to be more effective through their working day.

One thing I liked was their personal service. I found the experience good without any hassles.

I would recommend Colour Smart Solutions to people who need efficient cost effective solutions for their printing, photocopying, scanning & faxing requirements.

Yours faithfully,

Steve Rose  
Director
