THE MARK OF EXPERTISE

To whom it may concern,

I approached Colour Smart Solutions because having previously dealt with Bryan for a long number of years I encouraged Bryan to keep in touch when he started the company. He had taken the time to get to know our business requirements and made good recommendations.

Colour Smart Solutions helped me by recommending and implementing a suitable 'follow me printing' solution along with a full HP print fleet solution.

The result was a reduction in paper wastage and associated cost savings for the business.

One thing I liked was their excellent level of ongoing customer service.

I would recommend Colour Smart Solutions to people who need a cost effective, reliable solution provider.

Kind regards,
